All prices are subject to a site visit from our Installation Contracts Manager. Our quotation is based on the assumption that underground conditions which cannot easily be identified during the site survey do not impede the construction works detailed. Should unexpected underground conditions be encountered further works may be required

Please note our payment terms for 'Supply and Installation' contracts: - Payment for goods - on invoice, following delivery to site. Payment for installation - on interim progress invoices submitted during and on completion of installation. (Unless pro-forma terms apply.)

Work can commence within 6-8 weeks from receipt of an order or payment depending on the account terms. This is subject to change dependent upon order volumes

These prices are valid for a period of 3 months from the date of this quotation.

Errors and omissions excluded and Wicksteed Leisure General Conditions of Sale apply.
